ABOUT

I am a third-year Artificial Intelligence student at K.G. Reddy College of Engineering and Technology with a strong interest in Python and AI-driven technologies.

My current focus is on building a solid foundation in Artificial Intelligence, with a special interest in Natural Language Processing and AI Ethics. I am passionate about developing intelligent systems that are both innovative and responsible.

Beyond academics, I am a highly social and collaborative individual. I currently serve as the Social Impact Secretary in the Department of Student Affairs, where I actively engage in initiatives that foster community growth and meaningful change.

OBJECTIVE

Aspiring AI Engineer eager to contribute technical skills and a passion for ethical, human-centered AI solutions. Seeking opportunities that will challenge me to grow as a developer, collaborate on meaningful projects, and apply my expertise in Python and NLP to solve real-world problems in innovative and responsible ways.
